

COLLEGE OF BUSINESS

MBA Accounting Track

The M.B.A. in Accounting track is designed for individuals who wish to advance their knowledge of Accounting and to take leadership roles such in the Accounting and Finance departments of organizations. Students enrolling in this track will develop a master's level understanding of Financial Analysis and ethical issues in the Accounting profession. The track also serves as a springboard for students contemplating preparing for their CPA, CMA, or CFA certifications.

This degree consists of 13 courses and awards 39 credits. Course work involves the study of advanced Finance and Accounting topics and is an ideal graduate program for students who have completed their BA degrees with majors or minors in Accounting.
