Associate Professor: Mack Bean

Assistant Professor: Ken Clarke

Lecturers: Jerry Lettre, Robert McGeough, Kent Whitman

A Bachelor of Science degree is offered in Management for online and traditional students.

A minor is offered in Management.

Mission and Learning Outcomes of the Management Program

The mission of the Management major is to develop specialized preparation for a career in management in combination with a liberal arts education. The Management program prepares students for positions as managers in the business, private, or non-profit sectors. Specific goals of the program include the following:

- Students will be able to describe the essential functions of an effective business operation and analyze business opportunities.
- Students will demonstrate an understanding of the relationship between businesses and market/nonmarket stakeholders as it pertains to local, societal, and global needs.
- Students will be able to use quantitative and qualitative tools and strategies to support organizational decision making.
- Students will demonstrate an awareness of the need for ethical leadership within an organization and ethical behavior in the greater global context.
- Students will be able to communicate clearly and effectively.

The major in Management combines a basic liberal arts education with specialized preparation for a career in management. Emphasis is placed on General and Liberal Education and College core course requirements during the first two years of study. The Management major prepares the student for a position as a manager in the business, private, or non-profit sector.
