
UNIVERSITY ACADEMIC POLICIES

Student Categories

Matriculated Student: A matriculated student is one admitted to a University program, registered for degree or certificate credit, whose official transcripts have been received and verified by the Office of the Registrar and is working toward a degree/certificate.

Non-Matriculated: A non-degree, non-matriculated special student is one who is not working toward a degree/certificate. A non-degree student may become a degree/certificate candidate by applying and being accepted to a degree or certificate program through the Admissions process.
