

SCHOOL OF EDUCATION

Graduate Education Programs

The School of Education offers graduate education in Teacher Certification and Educational Leadership. Teacher Certification Candidates can earn a post baccalaureate certification, a Master in Education (M.Ed.) or both. Candidates in Educational Leadership earn a M.Ed.

Program Mission and Philosophy

In keeping with the mission and philosophy of the University, the Graduate Education programs in the School of Education adheres to the notion of graduating “leaders of conscience” who display skills in critical thinking, professional behavior, and community involvement. Graduates will be prepared to assume roles of leadership and responsibility within organizational and community teams. Commitment to a theory to practice model in assessment, curriculum, teaching and learning, and technology lends itself to scholarship, collaboration, reflective practice, decision-making, and eventually the discovery of new knowledge to effect positive change.

Through a professional education sequence that emphasizes instructional strategies, including technology, that are effective and relevant to teaching and learning in today’s schools and other settings, Franklin Pierce seeks to prepare educators who:

- Work collaboratively within professional communities to build inclusive learning environments where all learners thrive;
- Continually deepen their own understanding of specific disciplines and high impact pedagogical practices, including the integration of technology, to support learners’ understanding of central concepts and engage learners in inquiry on authentic issues;
- Support student learning by using multiple methods of assessment to guide instruction and facilitate meaningful learning based on a continual cycle of evidence-based assessment; and
- Demonstrate ethical responsibility to children, parents, local, national, and global communities in their professional lives as leaders of conscience.

Certification Only

Students pursuing Teacher Certification without a degree will need to meet all requirements for enrollment in the teaching certification program. Total number of credits for "Certification Only" may vary. Students pursuing only certification may submit their bachelor's degree transcript for consideration of transfer credits.

Double Certification

Students interested in combining elementary, middle or secondary certification with General Special Education may do so by indicating that in the application process. Students must also specify whether the M.Ed. degree will be in the area of Elementary, Middle, Secondary, or Special Education. Once accepted, students will need to take all applicable coursework in each area, complete a full student teaching clinical (16 weeks) in the first certification area and 10-weeks in each additional certification area. The N.H. TCAP must also be completed for recommendation.

Use of Undergraduate Credits

Undergraduate credits may be approved by the School of Education Director as credits only when a candidate is enrolled for the sole purpose of certification. Undergraduate credits will not count towards the Master's Degrees. Candidates may transfer in graduate credits with the Director's approval.

Preclinical/Field Placement and Clinical Student Teaching Experiences

All certification programs are approved by the New Hampshire State Department of Education and must fulfill the requirements described in N.H. Ed Administrative Rules 500 and 600 series. All students taking courses in the teacher certification program are required to meet all enrollment criteria and to take part in field placement hours. Those students seeking certification also participate in student teaching.

Pre-clinical/Field Experiences

Many courses in the School of Education require field-based assignments to ensure that the teacher certification majors are experience authentic teaching situations. We work with community partners to ensure that there is a mutually beneficial experience for the students in the local school districts and for our teacher certification students. Teacher certification majors must successfully complete all required field experience hours to pass the associated course. If a student has to retake a course with field placement hours, the student must also redo the full set of field hours and all relevant field assignments assigned through the course. Professional attire and travel to local schools are required for this course. Any student participating in a field experience must pass a New Hampshire background check before a placement will be made.

Clinical/Student Teaching

A student teaching clinical experience is the final summative experience for all Teacher Certification majors. All certification programs are approved by the New Hampshire State Department of Education and must fulfill the requirements described in N.H. Ed Administrative Rules 500 and 600 series.
