CAREER Education in the Lloyd & Helen Ament Astmann '69 Career Center

The Lloyd & Helen Ament Astmann '69 Career Center is dedicated to strengthening the transition from academics to gainful employment and fulfilling careers. We help prepare our students and alumni through personalized career advising, career decision-making and innovative job search strategies. Our support services include individual counseling, personalized coaching, career development workshops, data-driven career assessments, current job and internship listings, virtual and on-campus recruiting, and graduate school and alumni resources.

Students and alumni can access **Handshake** for job and internship postings, employer connections and resources. **Handshake** is also the place to schedule an **appointment** with Career Education. The **Canvas Career Center** is available to all students within the Canvas platform; right alongside your classes. Resources include handouts, links to articles and online tools. This dynamic platform allows the Career Center to provide you with the most up to date resources.

The Office of Career Education department works closely with faculty and staff from all areas of the University to help students reach their full potential. The office supports students in identifying and choosing careers and developing the skills necessary to succeed in a competitive job market. Assistance is available for writing résumés and cover letters, applying to graduate school, job searching, interviewing and making the transition to the world of work. All students have access to services via phone, email and online.
