
FINANCIAL INFORMATION

Company Reimbursement

If a company has a reimbursement-to-student policy, the student is responsible for submitting payment of the full balance to Franklin Pierce by the first day of the term. If a company has committed to pay tuition on behalf of the student through a billing agreement but fails to make payment, the student will become responsible for any outstanding charges.

It is student's responsibility to verify Franklin Pierce is aware of any third party arrangement and has sufficient information to bill the third party. Please contact Student Financial Services to discuss.
