### Mission

Through a professional education sequence that emphasizes instructional strategies, including technology, that are effective and relevant to teaching and learning in today's schools, Franklin Pierce seeks to prepare educators who:

- Work collaboratively within professional communities to support inclusive learning environments where all learners thrive;
- Continually deepen their own understanding of specific disciplines and high impact pedagogical practices, including the integration of technology,
- Support student learning by using multiple methods of assessment to guide instruction and facilitate meaningful learning based on a continual cycle of evidence-based assessment; and
- Demonstrate ethical responsibility to children, parents, local, national, and global communities in their professional lives as leaders of conscience.

### Teacher Certification

Education majors will complete programs leading toward teacher certification in the state of New Hampshire. However, students who are interested in obtaining certification in a state other than New Hampshire will need to consult the Department of Education in the state for which they desire to obtain a teaching license.
